Saturday Dinner:

616 Nueces [West 6th and Nueces]

One review of RANCH616 wrote “If a 50’s diner and a cowboy had an illegitimate love child, it would be named "Ranch 616." I still don't know entirely what Texas is, but this has to be it: dead animals on the wall, snakeskin booth seats, and damned good margaritas (blood orange margarita FTW). The whole situation seemed to be right out of a Douglas Adams novel.

The cuisine was exactly as fellow yelpers described: southern comfort food with an upscale twist.”
