26. Are there any admission requirements for incoming transfer students, that are not required of freshman? If so, please describe.

1. Transfer students start as premajors and can apply to major after completing foundation courses. Transfer students from peer four-year institutions who have completed studio-based coursework may petition for advanced placement by providing portfolio, personal statement, syllabi, etc.

1. While we do accept transfer students, it is a very rare occurrence. We assist the students in getting up to speed on an individual level.

1. Yes. Physics, algebra, basic core courses

1. It depends on what classes they have taken

1. Minimum number of completed graduate credits and major specific supplementary application

1. None

1. Portfolio if advanced placement is desired

1. Portfolio is required for transfers, optional for first-year applicants

1. Portfolio of prior work

1. Portfolio review

27. Does the school/program offer any particular programs to help support transfer students?

Transfer student merit scholarships, Five design scholarship competition and Phi Theta Kappa scholarships

Unfortunately, no.

We are developing some short term coursework around math

We guide students through the portfolio and transcript processes.

We have a summer program offering the foundation design courses

We offer an admission partnership program that allows community college students to take a limited number of classes at our institution. Students use this opportunity to complete our pre-requisite courses. We also have a satellite facility off campus where we teach our pre-requisite courses that are required for application and admission into the architecture program.

Yes, various through Academic and Student Affairs

Yes, we have a program called LINK that helps community college students navigate the transfer process

Yes, we offer an accelerated track for transfer students to matriculate through studios more quickly.

Yes. Ex. Transfer Orientations, Articulation agreements, etc.
